## Rules:

Please be sure to pay close attention to the size and height requirements. These requirements have been set due to the space limitations in the presentation showcase.

- Floats should be no larger than 12x8.
- Float height should not exceed 16 ½ inches tall.
- No truck needed to pull the float – just the shoebox please.
- Shoebox should not be placed on a base or board larger than the shoebox.
- Please do not use motorized toys on your float. For example – Lights, a Ferris Wheel that moves etc.
- Place your name and grade on the bottom of the float. Please do not put your name anywhere that can be seen on the float.
- No Wheels
- No candy or edible material on the float.
- No dioramas - do not make your float inside the box.

Use your imagination and have a great time creating your shoebox float!
